

# Delhi

ISAP  
Intelligent System Applications to Power Systems

## 20th International Conference on Intelligent Systems Applications to Power Systems (ISAP)

In association with

Conference

## SPONSORSHIP PROPOSAL

**10-14 December 2019**

**NEW DELHI, INDIA**

<http://www.isap-power.org/2019/>

**INDIAN INSTITUTE OF TECHNOLOGY, DELHI**

# ISAP The Legacy

## Towards an Intelligent Power System

ISAP is an international organization and the result of the integration of International Conferences on Expert System Applications to Power System (ESAP) with the International Forum on Applications of Neural Networks to Power Systems (ANNPS).

Earlier, ESAP had four editions – Stockholm, Sweden and Helsinki, Finland (1987); Seattle, USA (1989); Yokohama, Japan (1991); and Melbourne, Australia (1993). The ANNPS conferences had two editions – Seattle, USA (1991); and Kobe, Japan (1993).

## Past Footprints

ISAP 1994 – Montpellier, France, (the first integrated conference)

ISAP 1996 – Orlando, Florida, USA

ISAP 1997 – Seoul, Korea

ISAP 1999 – Rio de Janeiro, Brazil

ISAP 2001 – Budapest, Hungary

ISAP 2003 – Lemnos, Greece

ISAP 2005 – Washington DC, USA

ISAP 2007 – Kaohsiung, Taiwan

ISAP 2009 – Curitiba, Brazil

ISAP 2011 – Crete, Greece

ISAP 2013 – Tokyo, Japan

ISAP 2015 – Porto, Portugal

ISAP 2017 – San Antonio, USA

# Why Sponsor ISAP 2019 ?

## Engage with the Power Community

ISAP Conference sponsors are exposed to a highly engaged international audience of technical, operational, and policy-making communities in power systems.

## What is in it for me ?

Sponsoring an ISAP Conference gives you:

- Access to influential professionals in Power Industry
- Internal and external networking opportunities
- Unique marketing and brand exposure
- Opportunity to make valuable contacts and increase sales

## Help encourage growth towards SMART GRID

Sponsorship revenue significantly reduces the overall cost of participation, enabling more attendees to participate at the conference. Your sponsorship support helps to bring eminent personalities in field of Power Systems and enlarge the technical scope of the conference.

## Audience and Presenters

The Conference attracts delegates from across the world, and is typically attended by participants from the academic and research institutions, Industrial sectors, operational, business, and policymaking communities.

The ISAP '19 Conference is supported by IEEE Power and Energy Society and the accepted papers will be available in IEEEXplore.

The majority of presenters are researchers from academic and research institutes all over the world. who are working on grid modernization, electrical vehicle technology, renewable energy and other issues in power system planning and maintenance.

**Attendees also include participants**  
from:

- Power Distribution Companies
- Power Generation and transmission Companies
- Commercial Power industry
- Research and educational institutions
- Government departments
- Power Policymaking Organizations
- Power System Operation and Control Organization

# Previous Sponsors

ISAP values strong, ongoing relationships with each of our sponsors and works closely with them to ensure growth in Power Industry bringing out new research and trends.

Respected names in the Power industry and Research Institute have supported ISAP Conferences and have gained valuable exposure.

## Conference and Paper presentation 10-14 December

## Sponsorship Opportunities

ISAP offers flexible sponsorship options to align with your objectives including day, session, and technical event sponsorship packages.

*If you can't find what you're looking for in the categories below, we can tailor a package according to your needs and budget.*

### Tutorials

ISAP provides high quality tutorial on cutting edge and futuristic technologies used in Power Systems during the conference that focus on developing skills and cognizance of the state of the art that the attendees can apply immediately.

### Plenary Sessions

ISAP invites eminent researchers in the field of Power Engineering and Cybernetics to give a lecture on the recent trends in their respective field.

During the conference week delegates will present their research on :

- Load and renewables forecasting and estimation;
- Fault diagnosis and prognosis;
- Condition monitoring and asset management;
- Intelligent enterprise systems, e.g., intelligent outage management;
- System reliability, security, and adequacy;
- Big data, data science, data analytics, and machine learning applications in power systems;
- Innovative and/or emerging applications of intelligent systems in power systems, e.g., machine learning, deep learning, and autonomous power systems;
- Special systems e.g., vessel systems, underwater systems, micro-grids, nano-grids, and autonomous power system;
- Social, legal, ethical, and business issues linked with the conference topics;
- Intelligent estimation and classification techniques including neural nets, fuzzy systems, data mining, and decision tree;
- Knowledge-based system including rule-based systems, expert systems, and model-based reasoning;
- Advanced optimization techniques including genetic algorithm, particle swarm optimization, ant colonies, immune system, and bacterial foraging;
- Multi-agent systems, evolutionary intelligent agents, and adaptive distributed computing and control;
- Hybrid intelligent systems;
- Computational neuroscience;
- Game Theory;
- Molecular and quantum computing.

## Sponsorship Benefits

Benefit/Tier	Platinum	Diamond	Gold	Silver	Bronze
ISAP 19 Sponsorship Amount	5 Lakh INR	4 lakh INR	3 Lakh INR	2 Lakh INR	1 Lakh INR
Logo on posters and promotional units	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Logo on delegate accessories	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	
Product Display at Company stalls at selected areas #	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Complementary Registration	4	3	2	2	1

*# Displays are from 10-13 December*

*\* Interested Contributors are welcome for Sponsorship Benefits.  
Please contact Prof. Sukumar Mishra for further clarification*

## About ISAP 2019

### Conference Chair

Sukumar Mishra (IIT Delhi, India)

### Conference Co-Chair

N. P. Padhy (IIT Roorkee, India)

### Technical Committee

**Chair:** Bhim Singh (IIT Delhi, India)

**Co-Chair:** B. K Panigrahi (IIT Delhi, India)

### Members

G. Bhuvaneshwari (IIT Delhi, India)

S. Doolla (IIT Bombay, India)

N. Senroy (IIT Delhi, India)

G. Gurralla (IISC Bangalore, India)

A. R. Abhyankar (IIT Delhi, India)

M. Singh (Thapar Institute of  
Engineering and Technology, India)

A. Verma (IIT Delhi, India)

S. K. Chattopadhyay (IIT Delhi, India)

C. N. Bhende (IIT Bhubaneswar, India)

S. Sen (Power Grid, India)

P. C Sekhar (IIT Bhubaneswar, India)

R. Bhakar (MNIT Jaipur, India)

S. R. Samantaray (IIT Bhubaneswar, India)

A. Tiwari (GE Global Research, India)

### Publicity and Public Relations Committee

**Chair:** Z. Vale (Polytechnic Institute of Porto, Portugal)

**Co-Chair:** G. Lambert-Torres (PS Soluções, Brazil)

### Members

B. Canizes (Polytechnic Institute of Porto, Portugal)

G. Santos (Polytechnic Institute of Porto, Portugal)

F. Sousa (Polytechnic Institute of Porto, Portugal)

J. Soares (Polytechnic Institute of Porto, Portugal)

S. Mukhopadhyay (IEEE Delhi Section, India)

A. Singh (DTU, India)

R. Garg (DTU, India)

S. K. Nayak (IIT Guwahati, India)

B. S. Rajpurohit (IIT Mandi, India)

U. k. Kalla (Ceramic Electric R&D Centre Bikaner, India)

A. k. Verma (MNIT JAIPUR, India)

A. Tomar (J.S.S. Academy of Technical Education Noida, India)

J. Hossain (Macquarie University, Australia)

Y. Mishra (QUT, Australia)

S. Mukhopadhyay (IEEE Delhi Section, India)

A. Singh (DTU, India)

R. Garg (DTU, India)

S. K. Nayak (IIT Guwahati, India)

B. S. Rajpurohit (IIT Mandi, India)

U. k. Kalla (Ceramic Electric R&D Centre Bikaner, India)

A. k. Verma (MNIT JAIPUR, India)

A. Tomar (J.S.S. Academy of Technical Education Noida, India)

J. Hossain (Macquarie University, Australia)

Y. Mishra (QUT, Australia)

## Department of Electrical Engineering, IIT Delhi

The department of electrical engineering has been playing a vital role in producing scientists and technologists of highest calibre ever since it was established in the year 1961. The department runs three under graduate programmes and 9 post-graduate programmes to cater to the ever challenging needs of technical excellence in all areas of electrical engineering such as Integrated electronics and circuits, Telecommunications, Computer technology, Control & Automation, Power systems & Power electronics.

In addition to the strong undergraduate programs, the department has been playing a pioneering role in producing world class postgraduates and research scholars. The infrastructure and lab facilities are upgraded from time to time and provide adequate opportunities for students and researchers to learn and innovate. The department has distinguished faculty, all holding Ph.D. degrees from renowned institutes in India and abroad. There are two Fellows of IEEE in the department and many other faculty members are Fellows of several national and international scientific bodies. The faculty of the department has been constantly carrying out research on many cutting edge technologies and regularly publishes in IEEE and other top international journals. The department also undertakes many research projects sponsored by both the government and the industry.
